THREATS KEEP BRITAIN ON ALERT

Conscription Bill Approved By Committee

Clears Way For Senate Consideration During Present Week

Washington, Aug. 5.—(P)—The military committee voted 12 to 1 today to send to the senate floor the Selective Training and Service bill requiring the registration of approximately 12,000,000 men from the ages of 21 to 30.

Committee approval cleared the way for senate consideration this week of the measure, which bore the personal endorsement of Secretary of War Stimson, and was recorded in a budget bureau as being in accordance with President Roosevelt's program.

Conservative opposition to the bill was overcome in the senate despite the fact that only three votes were recorded against it in committee.

Senator Downey (D-Calif.), who was present at today's committee meeting, did not vote.

Senators Johnson (D-Colo.), Thomas (R-Iowa), and Landon (R-Mo.) voted "no," Landon voting in proxy.

Necessities Appropriation—Machinery for registrations could be set in motion if and when the bill becomes law.

The bill contained a provision permitting men from 18 to 24, in order to enlist voluntarily in the army for one-year training as an alternative to conscription.

The committee acted shortly before the senate began work on a related issue—presidential authority to call the national guard into active training.

Senators recorded in favor of the bill: Shippard (D-Tex.), Reynolds (D-N.C.), Thomas (D-Utah), Mendenhall (D-Ind.), Lee (D-Okl.), Hill (D-Ark.), Chandler (D-Ky.), Smithers (D-N.D.), Austin (D-Vt.), Schwartz (D-Wis.), Guernsey (D-SR), and Holman (R-Ore.).

Later committee attaches announced that Senator Bridges (R-N.H.), who was absent, asked to be recorded in favor of voting for the bill.

Senator Slattery (D-Ill.), who was present, was not recorded as voting.

Reemployment After Service—The committee amended the measure to provide that members of the armed forces or naval reserve corps should be accorded the same treatment as conscripts in obtaining reemployment after service.

It was proposed by a seven to four vote that a provision be added to the bill that members of the armed forces or naval reserve corps should be accorded the same treatment as conscripts in obtaining reemployment after service.

Members said the committee intended to recommend a proposal by Senator Lee (D-Okl.), which had been turned down before, that the bill be referred to the committee.

Chicagoan Wins Midwest Open Golf Meet

At Festival

Dwight H. Green, Republican nominee for governor of Illinois, will be the speaker for Republican day Thursday at the Momena gladiolus festival. He will speak on the high school grounds at 2:30 o'clock.

Dwight Green At Momena On Thursday

Republican Nominee To Attend Gladiolus Festival And Speak

Dwight H. Green, the Republican nominee for governor of Illinois, will be the speaker at the Momena gladiolus festival on Thursday, which is Republican day at this annual event.

This is Mr. Green's first appearance in this county as a candidate. He is an excellent speaker and this appearance is expected to attract large number of people not only from this county but also from surrounding territory.

The governorship nominee will make his address at 2:30 o'clock on the high school grounds, which is the gathering place of the gladiolus festival. Preparations are being made to accommodate a large crowd.

Parade at 1:30—He will arrive in Momena in time, however, to participate in the parade of that day at 1:30 o'clock. Also in the parade and at the Republican rally headquarters will be the Republican district and county candidates, who are:

Miss Jessie Sumner, for congress; Louis E. Beckman, for state senator; Harry L. Topping and George Allen, for state representatives; Joseph Tolson, for state attorney; Ed P. Madison, for coroner; Albert Tetrault, for circuit clerk.

It is possible that Mr. Green may fly to Momena for Republican day. Last week, while flying from Springfield to Golconda for a speaking engagement, he took a turn at the plane's controls for the first time since world war days when he was in the flying service.

Great Vote-getter—Reports from all over the state are to the effect that Mr. Green is becoming an intensely popular candidate and an excellent speaker. Of his vote-getting ability there is no doubt, recalling the Chicago mayoralty campaign when he rolled up against tremendous odds, the greatest total ever given a Republican candidate in that city.

Mr. Green will be accompanied to Momena by a number of the other state candidates on the Republican ticket.

Republican day and the other events of the gladiolus festival are open to the general public. The Republican precinct committeemen and committeewomen urge the attendance of all Republicans of the county on that day.

Alleged Rioters To Be Arraigned

Charged with participating in a riot early Saturday morning in Bradley, Lyman Johnson, 27, of 213 Perry street, and Edward Adams, 25, of 176 North Schuyler avenue, were to be arraigned today in court.

They were arrested Saturday afternoon by Deputy Sheriffs Walter Bauer and Ben Trombley on a warrant issued at the request of Mrs. Elsie Spear, about whose home the "rioters" gathered.

Leonard Ashline, 29, who was arrested after the "riot" when he came out of the Spear home with a "dagger" in his belt, was released from the county jail Saturday afternoon under \$500 bond.

Girl Killed As Car Turns Over On Rte. 45

Two Other Women Occupants Of Car Taken To Hospital

Miss Shirley Bloch, 18, of 819 South 14th street, Maywood, was fatally injured in an automobile crash at 5:20 o'clock Saturday evening on highway 45 four miles southwest of Kankakee.

She died at 1:15 o'clock yesterday morning in St. Mary hospital. Coroner A. E. Kerger has not yet set the date for the inquest.

Miss Bloch's grandmother Mrs. Sonia McCall, 59, of Maywood and Miss Elaine Semmel, 17, of Cairo were injured in the accident, being passengers in the car driven by Miss Bloch. The grandmother still is a patient in the hospital here.

Rounding the curve, the car went off the slab. As Miss Bloch attempted to pull it back upon the pavement it turned over.

Tragic Coincidence—Just before the crash occurred, Miss Bloch remarked to her grandmother that her father, who died last week had been in a serious accident on that curve about a year ago. Her mother was killed in an auto accident 13 years ago.

Miss Martha Moisant, 248 South Seventh avenue, was slightly hurt in an accident at 11:05 o'clock last night at Franklin and Euclid streets in Bradley.

A car driven by William R. Marks, 19, of 1429 South Seventh avenue, and owned by Peter Regas, of rural route 1, in which she was riding, was forced to swerve by an unidentified car. It struck a pole of the Public Service company.

The auto of Howard Bergman, 29, of 715 South Wall street, and Kenneth Shenan of Aroma Park were in a minor accident Saturday on the Aroma Park road.

Niagara Falls Cops Help Locate Girl Whose Kin Dies Here

Through the cooperation of Sheriff Dan Bergan and police at Niagara Falls, Miss Helen Clark, 420 North Chicago avenue, was able to reach here in time to attend the funeral services Saturday of her grandmother Mrs. Elizabeth Clark, 560 East Chestnut street.

The grandmother died Thursday while Miss Clark was on an auto trip with Mr. and Mrs. Robert Goudreau and daughter Constance of 451 Illinois avenue and her fiancé Winston Quirk, 356 North Chicago avenue.

The Goudreau itinerary called for the party to be at Niagara Falls on Friday. On Thursday members of the Clark family asked Sheriff Bergan to get in touch with Miss Clark.

He obtained the license number of the Goudreau auto through radio communication with state police headquarters, where he traced the car at Niagara Falls. The police there found the car a few minutes later.

Miss Clark left Niagara Falls that afternoon and by train and bus, reached here Saturday morning.

Duke And Duchess Will Not Stop Off In America

Aboard S. S. Excalibur at Sea, Aug. 5.—(P)—Reports that the Duke of Windsor, new governor of the Bahamas, might visit the United States en route to his post were set at rest today by announcement he would disembark from this American ship Thursday at Bermuda with his American-born duchess.

How long the Windsors will remain in Bermuda or how they will proceed to Nassau has not been decided, it was said.

New Under-Secretary Of Navy Is Named—Washington, Aug. 5.—(P)—President Roosevelt nominated James V. Forrestal, of New York, today to be undersecretary of the navy, a post created by the President under recently adopted legislation to reorganize the navy.

Calf-Catching Contest For County Fair

One of the novel features of the Kankakee county fair Aug. 13-15 at Neal's showgrounds will be a "calf catching" contest.

Folks may say "Oh, that's easy!" but wait until you see it. Those who have put on such contests say it is more fun than a circus, thrilling, clever and exciting.

Twenty to 25 western calves are used in staging this event. The calves weigh from 350 to 400 pounds and are numbered, with contestants drawing numbers corresponding to those on the animals they are to catch.

Boys 16 years of age and older who are members of 4-H clubs with a beef project are eligible to compete. A large ring or circular enclosure approximately 150 feet in diameter is constructed and the calves are turned loose. The winner is awarded his pick of the calves being used. Other prizes also are given.

Low gate admission prices are to prevail during the three days of the fair which is not to be confused with the old Kankakee Interstate Fair. Free parking facilities will be provided for hundreds of autos.

None Injured In 5 Accidents In City

In five auto accidents reported to city police last week-end no one was injured.

Involved were cars of Elsworth Edwards of St. Anne and Charles Little of Aurora in the 600-block on West Court street; Rose LaJoy of 632 North Evergreen and Helen Meister of 706 South Chicago avenue in the 300 block on East Merchant.

H. J. Theisfeld of 447 South Schuyler avenue and John Hudson of route 1, Kankakee in the 100 block on South West avenue; Pete Anderson of Chebanse and an unknown driver at Schuyler and Court.

John Zielke of 980 South Fifth avenue was booked for reckless driving following a crash Saturday evening at Main and Water streets when he made a right turn too soon and crashed into the sign on the used car lot of Jeffers and McBroom, knocking the sign down. Officer John Powell took him into custody and in police court he was assessed \$25.

Find Door Unlocked, Thieves Take \$20

Sheriff Dan Bergan is making an investigation of the theft of \$20 Friday night from the seed house of the Lawrence Lowe hybrid corn farm at Aroma Park.

The seed house was unlocked when the theft occurred in late afternoon or evening but the cash drawer was forced.

As a suit for damages arising out of an auto accident last September in Manteno was taken under advisement on Saturday by Justice Fred R. Smith.

Lorenzen's auto and another owned by Mrs. Chobor and driven by Morrison, Manteno garagemen, were in the accident. The Chicago man was represented by Attorney Ben Gower and the defendants by Attorney Samuel H. Shapiro.

Pleads For Unity; Rid Nation Of Subversive Activities

Washington, Aug. 5.—(P)—President Roosevelt called today for unity between federal and state governments in strengthening national defense and uncovering subversive activities.

"And the common defense should be through the normal channels of local, state and national law enforcement," he said in a message to federal-state conference on law enforcement problems arising from the preparation program.

The untrained policeman is as ineffective as the untrained soldier. The amateur detective soon becomes a fussy and malicious busybody.

"We must be vigilant, always on guard, and swift to act. But we must also be wise and cool-headed and must not express our activities in the cruel stupidities of the vigilante. There is where the fifth column form the line."

Krutilla Gets 287, One Stroke Off '39 Record

State Amateur Champ 2nd; Andrews Third; Andreggen Best Pro

Dashing Johnny Krutilla of Chicago kept the amateurs record unscathed in the Midwest open golf tournament at Highland Country club Sunday. He became the third straight of the "play for glory boys" to win this meet sponsored by the Republican-News, and his triumph was one that the amateurs can be proud of.

Krutilla, a 26-year-old steel mill worker from Chicago's south side, shot his way into a three-way dead-lock with Pro Al Andreggen of Chicago and Amateur Joe Sipula of Ottawa at the half way mark a week ago with 145. He took an early lead over these two yesterday and then came in with a 72-hole total of 287, only one stroke off the record-shattering score hung up by the 1939 champion, Tom Sheehan Jr. of Detroit, who withdrew after 36 holes this year because of a business trip to New York. Sheehan had a par 146 at the time of his withdrawal.

Krutilla was consistently better than par yesterday. He knocked a stroke off here and there from par, and his 287 count represented five shots under the course figure.

It was dogged consistency that scored down his foot. Johnny was having long hot off the tee, he was approaching well, especially his chip shots; and his putting was nearly equal to the rest of his game. Krutilla's putting has long been his principal drawback in tournament competition, but yesterday he had this club in tune with the rest.

Fans Like Krutilla—The great number of fans who witnessed yesterday's finals took Krutilla to their heart and he had a heavy following from the first hole in the morning 18 until he came swaggering down the 18th fairway for his final hole of the afternoon.

Attired in gay blue trousers, a flaming red shirt and his bushy hair held in place by a blue bandana handkerchief, Krutilla was a one-man show as he stepped off the 18th green along about 5:15 o'clock last evening. The Midwest championship virtually tucked in his golf bag. His

Krutilla's 287 Wins Midwest Open

Len H. Small, general chairman of the Midwest open golf committee, presents Johnny Krutilla, left, Chicago amateur, with the championship cup following yesterday's final 36 holes in the Republican-News sponsored tournament at Highland Country club. Krutilla won the 1940 title with a five-under par 287 and became the third amateur to win the tournament in the three years it has been conducted. Krutilla tied for the lead at the close of 36 holes and never was headed on the final day's play. His next golf competition is the national amateur.

Justice Fred R. Smith has entered a judgment of \$470 against the Spring Creek Drainage district in favor of Ernest and Augusta Korschnick of four miles southeast of the Dixie highway.

The Korschniks, represented by Attorney T. R. Johnston, claimed crops were damaged because of an overflow from a branch of the creek. They claimed the ditch was allowed to block.

They also sued John and Harry Tallman, farmers of that neighborhood, alleging that the ditch was damaged when a tractor and plow were driven over it. The justice decided, however, that there was no cause for action against the Tallmans.

The defendants were represented by Attorneys E. P. Harney and Varnum A. Parish.

Dr. Frederick Cook, Explorer, Dies Today

Claims To Discovery Of North Pole Precipitated A Controversy

New Rochelle, N. Y., Aug. 5.—(P)—Dr. Frederick A. Cook, 77-year-old explorer, whose claims to discovery of the North Pole precipitated an early twentieth-century world-wide controversy, died today after a long illness.

Stricken three months ago by a cerebral hemorrhage, the aged adventurer of the Arctic never fully recovered, and was taken again to the hospital 10 days ago.

Dr. Cook sprung into international prominence in September, 1909, when he announced he had discovered the North Pole. Five days later Admiral Robert E. Peary claimed he had reached the top of the world first.

Pole Claims Disproved—Cook's claim that he discovered the pole on April 21, 1908, a year before Peary reached the world's top, eventually was held to be disproved and Peary, who insisted he could find no evidence of anyone preceding him when he was there in April, 1909, was accepted as the discoverer.

Cook sank into comparative obscurity after his long fight with Peary until 1922, when he was convicted of mail fraud and sentenced to 14 years in prison.

Broken in health, he was paroled in 1930. Then, as he lay, apparently on his death bed last May, President Roosevelt granted him a full pardon and as Cook emerged from a coma which had claimed him for days, he uttered only a feeble "thanks-happy."

Started Libel Suits—Several years ago, however, Cook started libel suits totaling \$125,000,000 against publications which had ridiculed his claims, and some of the suits were still pending when he died.

Results Of Air Raids In Europe And Africa Apparently Concealed

BULLETIN

Valparaiso, Chile, Aug. 5.—(UP)—Maritime authorities today announced the sinking of the S. S. Moraleda near the Straits of Magellan. Sixty-six persons were reported lost and 33 saved.

The S. S. Moraleda is not listed in Lloyd's registry of ships. Cause of the disaster is not yet known.

BY THE ASSOCIATED PRESS—Spectacular aerial offensives—possibly the preliminaries of important new phases of the European war—were reported today by both Britain and Italy.

Charging in within range of German anti-aircraft batteries on the continental coast of the English channel, the British air ministry said, a squadron of nine spitfires caught a patrol of German Messerschmitts on their home grounds and shot down two. A third was reported down on the English side of the channel.

With Britain on the alert against the threat of a Nazi blitzkrieg because of opportune tides and weather, this challenge may mean either that the British are trying to nip German plans in the bud or are taking the offensive to prevent Germany from organizing one. Italian reports of having blasted important new British air bases in east Africa intimated a highly-organized, intensive campaign to wrest at least air control over the dark continent from the British.

Results Concealed—However, the contradictory versions of the new aerial blows and counter-blows concealed their effectiveness. Both the axis powers and the British claimed to have scored heavily without having been hit hard.

Fourteen British planes were shot down yesterday in Africa, the Italian high command reported, while Italian fighters staged an "effective" raid on Mersa Matruh, Egypt.

Stefani, official Italian news agency, reported heavy Italian aerial assaults on British air bases in east Africa, particularly at the railroad junction towns of Haila and Summitt in the Anglo-Egyptian Sudan.

It said the Italian air force was making a systematic attempt to wipe out strategic British bases surrounding Italy's African possessions.

British Counter Claims—Apparently answering an Italian report of 10 British planes shot down in one big air battle, a Royal Air Force communique said four British planes, engaging 50 enemy craft over Libya, bagged two and lost only one. A third Italian plane, it said, was brought down by the

Ottawa Golfer Wins Class A

Trailing by two strokes at the end of the 36-hole week ago, Leo Caruso of Ottawa came back Sunday to overtake the leader and win the class A championship of the Midwest open golf tournament with a 72-hole aggregate of 211. He was three strokes ahead of Wesley Hanson of Danville, who had a 214. Caruso was shown with the class A trophy. Joe Sipula of Ottawa, a prize-winner in the title fight this season, won the A championship a year ago.

Kankakee Wins B Title

Ken Miller, shown above with the class B championship trophy, had the distinction of being the only Kankakee player to take a first place in this year's Midwest open golf tournament Sunday at Highland County club. Miller, who trailed the leaders at the close of 36-hole week ago, came back yesterday with some fine shooting to post a 72-hole total of 215. He succeeded Clarence "Puff" Romary of Kankakee as the champion. Romary finished second yesterday.

Pershing Would Sell Destroyers To Gt. Britain

As Safeguard To American Freedom And Security; Sees 'Grave Danger'

Washington, Aug. 5.—A proposal to send to beleaguered Britain at least 50 American destroyers carried today the endorsement of General John J. Pershing.

The man who commanded American soldiers in France during 1917-18 declared that destroyers left over from world war days should be made available to the British as a safeguard of American freedom and security.

Critical Time Ahead

Predicting that the most critical time for England would come in the next few weeks and months, Pershing said in a radio speech last night:

"If there is anything we can do to help save the British fleet during that time, we shall be failing in our duty to America if we do not do it."

The general of the armies said he saw "grave danger" for the United States in the present world situation, and blamed disasters in seven of eight nations on "appeasers who would not take the danger seriously, who would not prepare while there was still time."

Pershing's appeal recalled that in June the British had failed in efforts to purchase destroyers here. Another plan, which would have allowed the British to buy 20 high-speed torpedo boats, ran aground on a 1917 law forbidding the sale of American vessels of war to a belligerent nation.

Prevent War "For America" Pershing declared that "today may be the last time when by measures short of war we can still prevent war (for the Americas)."

Asserting that the United States "must be ready to meet force with a stronger force," he said: "We must make ourselves strong by building up our army and navy and establishment of the principle of universal selected service."

Lindbergh Pleads For American Cooperation With Europeans

Chicago, Aug. 5.—American opinion is now definitely and overwhelmingly against involvement in the European war, says Col. Charles A. Lindbergh.

The noted American aviator, in an address yesterday at a peace rally at Soldier field, urged "cooperation" with Europe "in our relationships with the other peoples of the earth."

Cheered by a crowd estimated at 40,000 by General Park Superintendent George T. Donohue, Col. Lindbergh in his broadcast (M. B. S.) speech said that agitation for America's entry into the European conflict had increased with alarming rapidity.

"But," he said, "when the danger of foreign war was fully realized by our people, the underlying tradition of American independence arose and in recent weeks its voice has thundered through the weaker cries for war."

Col. Lindbergh pleaded for American cooperation with Europe—al-

though advocating the non-interference of this nation in Europe's internal affairs.

"It is only by cooperation that we can maintain the supremacy of our western civilization and the right of our commerce to proceed unmolested throughout the world. Neither they nor we are strong enough to police the earth against the opposition of the other."

"In the past we have dealt with a Europe dominated by England and France. In the future we may have to deal with a Europe dominated by Germany. But whether England or Germany wins this war, western civilization will still depend upon two great centers, one in each hemisphere."

"With all the aids of modern science, neither of these centers is in a position to attack the other successfully as long as the defenses of both are reasonably strong."

U. S. Senator Patrick McCarran (D-Nevada) also addressed the rally, sponsored by the "Citizens Keep America Out of War Committee."

EXTRA March of Time Cartoons News

How to tell if there's a "pack" in the price!

THERE'S a necessary difference between the advertised price of an automobile delivered at the factory, and the price you pay for it delivered here in your home town.

That difference covers a charge for transportation from the factory to you, based on rail rates, and also the dealer's charge for any extra equipment or accessories that you may elect to buy.

That's all there is to the difference. At least, that's all there should be. But sometimes an extra item that you can't quite put your finger on, gets included in that final delivered price.

The trade has a word for this extra item. It calls it a "pack." Usually it's tucked in there to allow for "dickering" with you on the used car you trade in. Sometimes it's simply plus profit.

In the public interest, and to enable you more accurately to judge the values we offer, we

General Motors dealers are making the details of pricing unmistakably plain.

On every car on our showroom floors we are displaying the standard GM "plainview" price tag pictured here.

This tag shows you *every item* that goes into our final delivered prices—and gives you a helpful yardstick for measuring exactly what your money buys alike from us or from others.

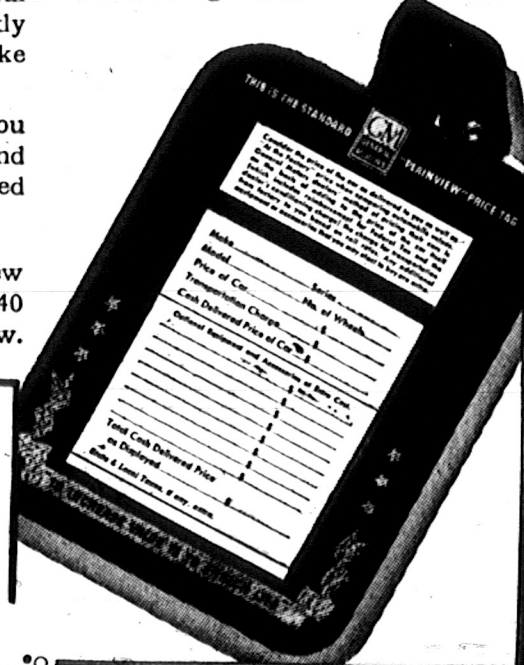

Similar information is given you on a wall chart we display, and in an itemized invoice supplied you when you buy.

Come see the splendid new General Motors cars for 1940 that we have now on view.

This is the standard price tag used by General Motors dealers to show what makes up the prices of new cars delivered to customers. "PRICE OF CAR" means the price we charge for the car itself including reimbursement for Federal Tax and conditioning—"TRANSPORTATION CHARGE" means a charge for transportation from factory to you, based on rail rates—"OPTIONAL EQUIPMENT AND ACCESSORIES" means the charge for any extra equipment or accessories you elect to buy.

We believe you will agree they are the best-made, best-styled, best-performing cars we've ever sold.

Examine their features. Check their quality, point by point. Then consider the price tag. Thus you appraise for yourself their impressive merit and their outstanding value.
